Marc,

I have attached the promissory note.

As discussed the other day I will apply a stop loss strategy so as to limit any loss to 30% of principal, thereby protecting 70% of your capital. I expect to initially proceed cautiously until we have achieved a decent level of profits.

Wire instructions are as follows:

TD Bank ABA # [REDACTED]
George Noble account# [REDACTED]

Please let me know when you have instructed the wire so that I may give the bank a heads up.

I am honored by your confidence and me and will do all I can to generate superior investment returns.

Best Regards,

George
